

Volunteer Retail Assistant

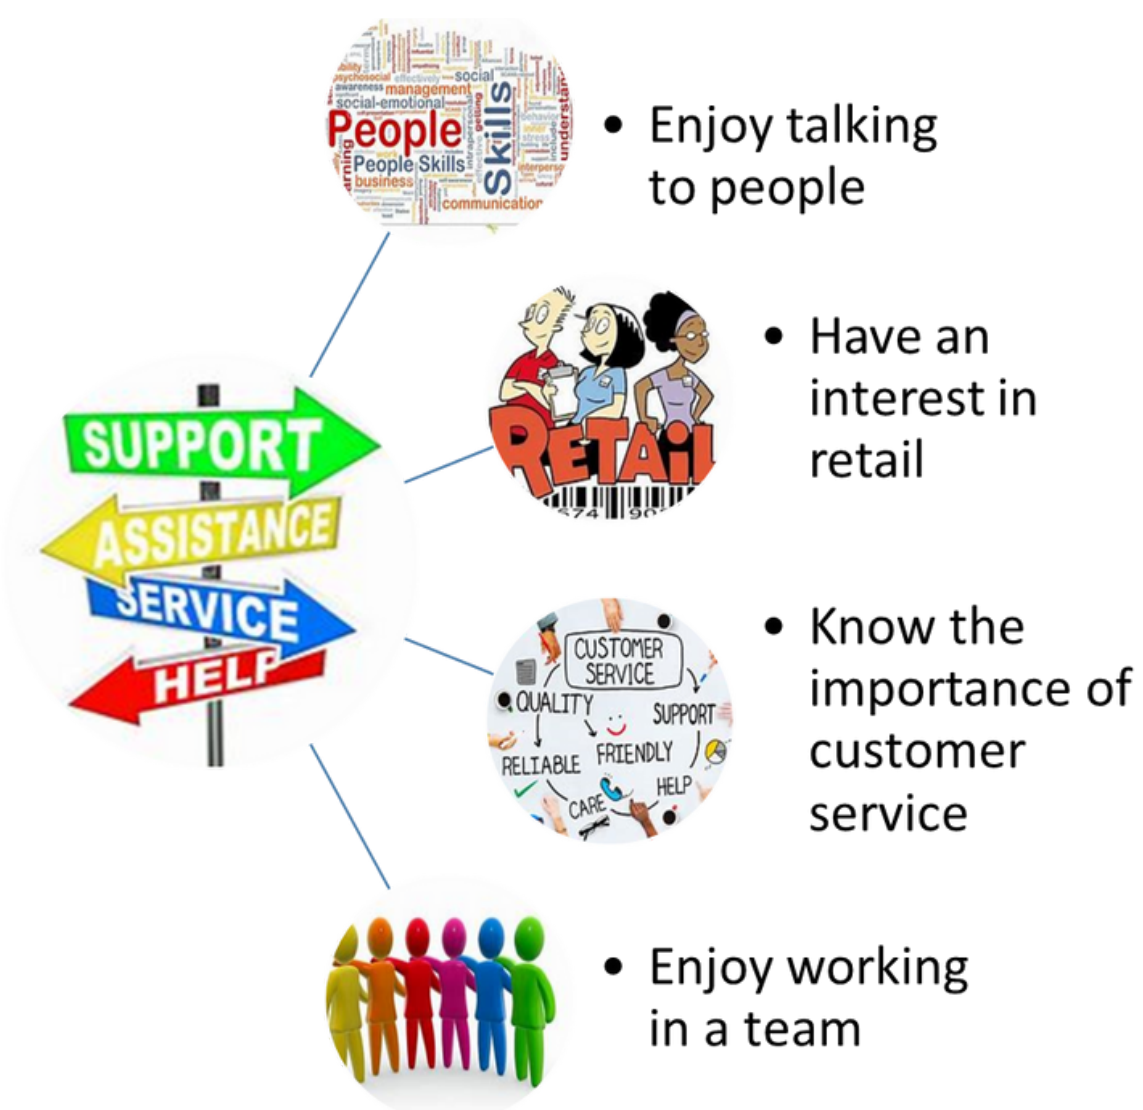

Pendleside Hospice is one of the principal providers of palliative and end of life care services to adults in Burnley and Pendle and is held in deep affection by the local community. All our care is free of charge to our patients and their families and carers but, of course, it isn't free to provide and most of it is funded through the generosity of the local community in which we serve. In the current year, it will cost over £5.5 million to run Pendleside Hospice, of which over £4.7 million will need to be raised through voluntary donations.

Last year our 10 Charity Shops in Burnley and Pendle raised over £420,979. This could not have been achieved without the support of our dedicated volunteers, our donors and of course our shoppers.
